suggestion

They need to work because there is an glitch sometimes which is fine but working on the same can make the function work smooth

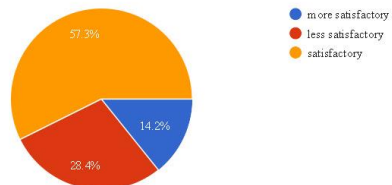

It can be better, like it should be more clear about the course and college, more information should be given on website.

Can be improved. Apama

Best college overall best teacher's they guide so wellthank you

Make college lectures short. 2 hours is wasting students time, any lecture can be made possible within 1 hour especially hospitality lectures so that students can work & earn in half of their day. College is simply wasting time of the students on the name of attendance. Making help students gain a working class attitude, poor mindset, submissive mindset. College is not an asset at all.

OUR COLLEGE IS GREAT NO SUGGESTIONS REQUIRED

Reduce in full time of college (9 to 4)

Infrastructure is a issue in the college the outside vicinity should be upgraded the campus outside has broken tiles etc in the college more batches are there than usual now so it feels claustrophobic at times in college proper ventilation should be worked upon and suggestion would be to change the menus increase more practical hours theory lecture should be lessened plus college hours are too long which strains me down personally and j cant focus on studies after college hours plus work on my personal life also attendance is very stringent which is k but if the time table was fun and interesting I wouldn't mind coming

To take a proper interview of the new comers before accepting admissionNa

They should improve there food and decrease in feesno

It's a great college but regarding the infrastructure it needs some work.
