Focus on creating spaces where student can come together. Improve the college campus's garden and make it green as possible to have positive vibes in the college campus.

Just appreciate the student who is active in college and doing more than just studies like appreciation should be given to the students who are participating in competitions and helping college to organize the same

Course Fees is too high, we didn't get any Scholarship facilities or any concession in fees. Bad option should also be there

College can do extra outdoor activities and sports also. Plz don't

take 2 & 3 hour's theory period.

Allow the students to use lift because it is not easy to go on 6th floor.

Good teaching
